

## DNACPR - Community Audit of Documentation of Discussions

### SECTION A: DNACPR DECISION

#### 1. Audit ID:

#### 2. Does the patient have a CPR decision coded within the EPaCCS template?

- YES: For attempted CPR (recorded by a member of clinical staff)- *skip to section D*
- YES: For attempted CPR (recorded by another SystemOne user) - *skip to section D*
- NO: Not for attempted CPR (recorded by a member of clinical staff)
- NO: Not for attempted CPR (recorded by another SystemOne user)
- No coded information recorded in EPaCCS - *skip to section D*

### SECTION B: SUPPORTING DISCUSSIONS

#### 3. If there is a DNACPR code recorded, is 'Resuscitation discussed with patient' coded within the EPaCCS template?

- Yes: Recorded by a member of the clinical staff
- Yes: Recorded by another SystemOne user
- No: this code is not recorded

#### 4. If YES to Q3, is any further detail recorded as 'free text' alongside this code?

- Yes
- No
- N/A

If YES to Q4, what has been written?

#### 5. If there is a DNACPR code recorded, is 'Resuscitation discussed with carer' coded within the EPaCCS template?

- Yes: Recorded by a member of the clinical staff
- Yes: Recorded by another SystemOne user
- No: this code is not recorded

**6. If YES to Q5, is any further detail recorded as 'free text' alongside this code?**

- Yes  No  N/A

If YES to Q6, what has been written?

**7. Provide an overall rating of the quality of the documentation of the 'Not for attempted cardiopulmonary resuscitation' and related codes (discussed with patient / carer) within the EPaCCS template (see descriptors)**

- Outstanding  
 Good  
 Requires improvement  
 Inadequate

Please explain why you have given this score:

## **SECTION C: DECISIONS MADE BY CLINICAL STAFF**

The following questions should be completed only if the patient has a 'Not for attempted cardiopulmonary resuscitation' code recorded in their EPaCCS template which has been added by a member of the clinical staff.

**8. Was the discussion and decision making about 'Do not attempt cardiopulmonary resuscitation' done by a clinical staff member?**

- Yes  
 No (e.g. coded to reflect decision making made by another healthcare professional such as in a hospital setting or by a GP)

**9. The following question is about the quality of the documentation of the 'Do not attempt cardiopulmonary resuscitation' decision making involving the patient and/or carer.**

- Outstanding  
 Good  
 Requires improvement  
 Inadequate

Please explain why you have given this score:

**SECTION D: AUDITOR**
