If you are a young person looking for further information on a particular mental health issue then the Royal College of Psychiatrists has lots of factsheets on their page [here](#) and if you still can't find anything that is suitable then why not try looking through the **National Youth Wellbeing Directory** which can be found on the website for children and young people called [On My Mind](#). This website aims to empower young people to make informed choices about the support they want, the treatments they receive and the outcomes they desire. On My Mind was co-produced with young people.
