

MHSDS V3.0 Public Consultation Now Live

A request for changes to the SCCI0011 Mental Health Services Data Set (MHSDS) information standard has been submitted to the Data Coordination Board (DCB) by the Community and Mental Health Team (CMHT) at NHS Digital.

As part of the development and assurance process for the MHSDS NHS Digital has opened a public consultation to seek feedback on the proposed changes. The consultation is live and can be accessed [here](#). The consultation will close on Sunday 16 July.

Mental Health and Physical Health Review Template

The Yorkshire & Humber Academic Health Science Network (AHSN) has led a project to develop and scale up the 'Bradford Physical Health Review Template', which seeks to improve the quality of health checks for people with a serious mental illness (SMI).

The template has been made available on a number of clinical systems and supports healthcare professionals to identify patients with conditions including high blood pressure, diabetes and cardiovascular problems.

An independent health economics evaluation has shown potential cost savings in the Yorkshire and Humber region alone are estimated to be £11.3 million over the next 10 years through use of the template.

To find out more about the template click [here](#) to view a video. An eLearning module is also available [here](#).

Mental Health New Models of Care in Practice

A vanguard in Cambridgeshire and Peterborough has focused on helping people who are experiencing mental health crisis and demonstrating how, with the right support, they can get the help they need at home or in the community and avoid a trip to A&E. To read more about this new model of care click [here](#).

Additionally, the vanguard in North East Hampshire and Farnham has focussed on bringing local primary, community, acute, mental health and social care services together to work as one team to keep the local population healthier. To read more about this new model of care click [here](#).

Mental Health Wellbeing Award for Schools

From September 2017 a new [Wellbeing Award for Schools](#) will recognise outstanding work being done to promote mental health and wellbeing within school communities across England. This new award will recognise schools that embed a culture which values the happiness and emotional welfare of all its pupils. To find out more and to register for the awards click [here](#).

Post Incident Support Pathways

The London Clinical Networks have developed [Post-Incident Support Pathways for Adults and Children and Young People](#) following the recent attacks in both Manchester and London. The pathways aim to help services and communities respond to the needs of those people who are experiencing distress and the responses from services and the wider community that are most likely to be helpful.

South West Yorkshire Partnership Election Hustings in Secure Wards

South West Yorkshire Partnership NHS Foundation Trust have undertaken a fantastic piece of work to ensure service users and staff on forensic wards were able to actively participate in the recent general election, by hosting candidates standing in the 2017 general election for a hustings with service users and staff.

Prospective MPs representing all of the parties standing in the local constituency took the opportunity to come to Newton Lodge, a mental health secure unit in Wakefield, to campaign and meet service users. Topics discussed included mental health funding, taxes, the impact of Brexit and national security.

This event gave service users the opportunity to hear about the policies being put forward by the politicians and also gave them support in how to register to vote.

To find out more about this excellent piece of work click [here](#).

Support for People with a Learning Disability or Autism

NHS England has announced that patients with a learning disability, autism or both are set to benefit from over £10 million investment to help them lead more independent lives, closer to their friends and family. The funding will support fourteen local Transforming Care Partnerships to work with service users and providers to develop new, high-quality, community services for people in their area. To find out more about the investment click [here](#).

Mental Health Reports, Resources and Research Reports

The Mental Health Alliance has published [A Mental Health Act Fit for Tomorrow: An Agenda for Reform](#). The report presents the results of a survey of 8000 people to identify the principles that could underpin a new Mental Health Act and recommends that the Government should set out clear terms of reference and a timetable for a fundamental review of the Act.

Public Health England has recently released [Health Behaviour in School Age Children \(HSBC\)](#). This thematic analysis explores the rising trend of poorer emotional wellbeing in young people as well as covering issues around self-harm and cyberbullying.

Localis has published [A Healthy State of Mind: Improving Young People's Mental](#)

[Fitness](#). This report argues for the reform of the mental health system to provide greater support for the majority of young people who will not receive treatment from specialist CAMHS whilst ensuring those in urgent need of clinical intervention receive immediate help.

The National Childbirth Trust (NCT) has published [The Hidden Half: Bringing Postnatal Mental Illness Out of Hiding](#). The report shows the results of a survey conducted with 1000 women who had recently had a baby. The report found that half had a mental health or emotional problem postnatally or during pregnancy but felt unable to access help.

Resources

The Royal College of Psychiatrists has published an interactive map showing whether CCGs have met the national [Mental Health Investment Standard](#). It looks at the spending of 203 CCGs across England and found that 29 (14.3%) are not meeting the standard set by NHS England for 2017/18.

The Department of Health and the Department of Education has announced that teachers in secondary schools around the country will take part in a [new training programme](#) to help them identify and respond to early signs of mental health issues in children. They will receive practical advice on how to deal with issues such as depression and anxiety, suicide and psychosis, self-harm, and eating disorders.
