THE PRSB STANDARDS PARTNERSHIP SCHEME

FOR HEALTH AND SOCIAL CARE PROVIDERS

Partner with us to demonstrate your
commitment to excellence in implementing
health and care information standards.

DEMONSTRATE YOUR COMMITMENT TO EXCELLENCE IN IMPLEMENTING HEALTH AND CARE INFORMATION STANDARDS

The PRSB is a not-for-profit organisation dedicated to the development and implementation of standards in health and social care to ensure that information in health and social care records can be accessed by the right people, in the right place, at the right time. We are an established part of the standards infrastructure across the UK, and our standards are recognised widely as the authoritative source of information for achieving standards excellence.

“This partnership scheme is an important contribution to developing a truly joined up health and care system.”
Dave Turner | NHS Transformation Directorate

“In the absence of PRSB standards, we couldn’t have achieved the Yorkshire & Humber Care Record. The PRSB is adept at building effective and constructive relationships through the Standards Partnership Scheme.”
Lee Rickles | Yorkshire & Humber Care Record

The PRSB Standards Partnership Scheme connects providers of health and social care services, to accelerate the implementation of PRSB standards, providing the foundations for interoperability. The scheme is supported by system leaders in the NHS and social care.

PRSB WILL SUPPORT YOU TO:

Gain an in-depth understanding of standards and interoperability, contextualising standards for your organisation and realising the benefits of better, safer, more efficient care through their implementation.

Understand the key barriers and conditions for successful implementation and develop strategies to overcome them.

Build support for change with your teams, demonstrating how it will benefit them and how changes in behaviour will benefit care delivery.

Identify where you are in your standards journey and access intensive support and guidance from our experts

Seek conformance assessment of your implementation, giving you robust and independent evidence and credibility with your partners, service users, customers and regulators.

Create ongoing awareness and reputational advantage with use of our partner logo, highlighting your best practice in case studies and blogs.

WHAT THE SCHEME WILL DELIVER FOR YOU

The Standards Partnership Scheme is designed to be flexible, developmental and supportive, recognising that you will have bespoke needs on your unique standards journey. We can work with you in various ways to suit the specific needs of your project.

| |  |  |  |
|--|--|---|--|
| | LEARNING | SUPPORT | CONFORMANCE |
| WHAT | An introduction to standards and supporting documentation. Interactive masterclasses on specific standards. Pre-course content to ensure everyone begins at the same level. Led by clinical and informatics experts. Exclusive, high quality, interactive group learning. Attendance certificate for CPD. Post-training community of interest. | Diagnostics to understand your current position and scope the support required. Review of key areas for success. Gap analysis to assess how you can meet minimum requirements. Report and recommendations. Post-assessment implementation support from our team of informatics experts. | Robust and independent assessment of your implementation. Supported self-assessment and sand-box testing by expert assessors. Use of the PRSB Quality Mark to demonstrate conformance. Development of case studies to share benefits with others. |
| WHO | All professionals and clinicians who want to know more about standards and their benefits, especially those taking part in a programme of digital change. | Primarily for providers implementing standards, professionals and clinicians leading change, CCIOs, CNIOs, CIOs, Medical Directors and Transformation Leads. | For organisations who want to demonstrate evidence-based conformance with standards. |
| OUTCOME | A thorough understanding of standards, the implications and benefits they offer and how to implement them in your organisation. | A thorough understanding of the strategies and work required to achieve implementation of standards. | A verified conformance statement and quality report, and the reputational advantage of evidence-based conformance. |
| STAGE IN YOUR STANDARDS JOURNEY | | | |

IMPLEMENTING STANDARDS CAN HELP YOU

- ✓ Save time for your teams.
- ✓ Meet local and national targets.
- ✓ Put you at the forefront of digital maturity and transformation, satisfying regulators and meeting mandated requirements.
- ✓ Improve your service-user experience and satisfaction scores.
- ✓ Improve the targeting of interventions and deliver more personalised care.
- ✓ Demonstrate quality and manage reputational risk.

JOIN EXISTING SUPPLIER PARTNERS IN BENEFITTING FROM THESE EXCLUSIVE FEATURES
